

JULIE POLVINEN

Center on Media and Child Health | Engagement Strategist
Division of Adolescent/Young Adult Medicine
Boston Children's Hospital | 300 Longwood Avenue | Boston, MA 02115 (617) 355-4714
julie.polvinen@childrens.harvard.edu

Objective: To engage philanthropic relationships, further the mission, and secure the future of the Center on Media and Child Health

I. PROFESSIONAL EXPERIENCE

Boston Children's Hospital, Center on Media and Child Health (CMCH) 2017 – present
Engagement Strategist

- Engage and support CMCH's Director, Leadership Board, and the Trust at Boston Children's Hospital (BCH) to cultivate, steward and solicit CMCH's top prospects and donors
- Strategize, implement and support all CMCH fundraising-related events and activities
- Support CMCH's Director in managing the Leadership Board, engaging prospects in venture philanthropy

Boston Children's Hospital, Center on Media and Child Health | Children's at Home (C@H) 2014 - 2017
Program Coordinator

- Conducted qualitative research with adolescents with Neurofibromatosis Type 1 (NF1), parents of youth with NF1 and youth with Celiac Disease
- Coordinated all aspects of research: recruitment, consent, guided participants to create visual illness narratives
- Collected and managed visual data, screened narratives, edited videos for online and medical presentations
- Designed and assisted with development of the C@H website: to build patient community and engagement
- Launched, managed and moderated C@H website for youth
- Trained and supervised associated personnel in the VIA method, editing and management of the website for NF-Parents research
- Presented C@H to potential collaborators and funders to scale-up the project and develop an app

Boston Children's Hospital, Video Intervention/Prevention Assessment (VIA) 2003 - 2013
Field Coordinator

- Conducted qualitative research with overweight adolescent patients
- Recruited, enrolled and facilitated patients to create visual illness narratives for VIA-OAR research
- Wrapped data collection for longitudinal study VIA-Transitions, 943 hours of total data collected
- Supervised and trained Research Assistants in field data collection methodology for VIA-Transitions and VIA-OAR
- Edited and produced DVD presentations to support Michael Rich MD, MPH, his affiliates, staff and interns of the Center on Media and Child Health (CMCH) and VIA
- Supervised and trained interns from Massachusetts College of Art in post-production work for CMCH and VIA
- Researched, purchased and maintained capital equipment for all digital editing suites
- Catalogued and archived all digital media from CMCH and VIA
- Re-mastered and archived 700 hours of analogue data collected from VIA-Asthma and VIA-Obesity
- Trained Social Workers and Academics in the VIA method; VIA continues at the University of Florida

Start Strong Boston/Boston Area Health Education Center (BAHEC) 2009 - 2011
